

ABACOS ISLAND ESCAPE

7 days of deserted beaches, “tipsy turtles” and great snorkeling

Young families looking for a beach family adventure vacation will love our Abacos Island Escape in the Caribbean. Spend your days snorkeling the wonderland of coral reefs, sailing the calm clear waters, exploring the beautiful white sand beaches or just relaxing in cottage comfort.

The Abacos are a collection of beautiful Bahamian islands and off shore Cays feature stunning beaches and the third largest reef system in the world. The beaches have been selected by internationally recognized island travel authorities (and more than a few magazines!) as ranking among the top 10 *in the world!* Relax in your own self-contained comfortable cottage located right on the ocean. Reefs, located a few meters from the beach and offer young children and ideal introduction to snorkeling and marine life. Explore the tiny island by golf cart, as there are few if any cars! Take a boat and explore the many deserted islands. Hire a fishing guide or take a snorkel excursion to swim with stingrays!

DAY 1

Your family adventure begins with a small flight from Fort Lauderdale to Treasure Cay. Sip a Rum Punch on a short ferry ride to a tiny off shore Cay where you are picked up by 4 x 4 and transferred to your ocean side cottage. Relax, unwind and take a swim! The cottage is situated on a narrow part of the cay where 200 meters separate the Atlantic Ocean and a quiet Bay the result is that you have two beaches right at your doorstep.

Drive a golf cart the 3km to town on a beach side rd. Purchase food at one of 3 well-stocked stores or sample local cuisine (conch salad is the island specialty) at several native restaurants.

DAYS 2 - 6

Choose the calm protected waters of the bay with its picturesque sunsets or expansive ocean side beach with its inner reef less than 30metres off shore! Observe needlefish, lobsters, and angelfish, parrot fish and stingrays – meters from your chair on the beach. Balmy breezes and air conditioning cool the 2-bedroom cottage. With two bedrooms, fully equipped housekeeping units have impressive views of both the ocean and the bay.

Discover the riches of coral life- both culinary and visionary- at your doorstep in the Abacos! Join your kids on a walk at low tide and search for sea urchins, sand dollars, and starfish or take a flashlight out at night and search for crabs. On Day 4, learn about the habitat of the Caribbean as you snorkel above beautiful coral and fish. Stop for lunch on a spectacular beach and enjoy a gourmet lobster lunch cooked over a fire. Feed and pet stingrays while sipping rum punch!
